OBJECTIVE

Second-year computer engineering student, specializing in software and data engineering. Rigorous, curious, and passionate about new technologies, I am currently seeking new opportunities to strengthen my skills in software development, as well as data analysis and processing.

EDUCATION

- **Faculty of Sciences of Bizerte** — Jarzouna, Bizerte
  - Computer Engineering Degree (Cycle d'Ingénieurs) ---------- 2024–Present
  - Integrated Preparatory Cycle MPI (Mathematics-Physics-Computer Science) ---------- 2022-2024
- **Lycée Menzel Bourguiba** — Menzel Bourguiba, Bizerte
  - Baccalauréat in Experimental Sciences, with High Honors ---------- 2022

EXPERIENCE

- **Tunisie Télécom** — Berges du Lac 1, Tunis
  - **Engineering Internship** — June 2026
    - Analyzed 5G Fixed Wireless Access (FWA) network performance
    - Recommended improvement solutions
    - Proposed a pipeline for task automation
  - **Introductory Internship** — June 2025
    - Gained exposure to the professional environment and company operations
    - Developed a mobile radio data analysis application using Python
    - Analyzed and processed technical data related to mobile networks

PROJECTS

- Java Cup – Coffee Shop Website & Chatbot (a website with a simple chatbot for listing a menu)
- Seattle Weather Classification (a project classifying Seattle weather conditions using machine learning algorithms)
- Cardiovascular Disease Classification using machine learning algorithms
- ProLink – a LinkedIn-like web application (Node.js and Express.js)
- FSB-System – a platform for university administrative management, with an integrated chatbot and AI agent

SKILLS

- Web Development (HTML/CSS/JS, Node.js/Express, Angular, Spring Boot)
- Databases (PostgreSQL, MySQL, Oracle, MongoDB, HBase)
- Data Science (Python, data mining, machine learning)
- Big Data (Hadoop, HDFS, Hive, AWS)
- DevOps/MLOps (Git, GitHub, Linux, Docker, MLflow)

CERTIFICATIONS

- Data Scientist Associate certificate — DataCamp
- AI Engineer for Data Scientists Associate certificate — DataCamp
- Career Essentials in GitHub Professional Certificate — GitHub
- Junior Cybersecurity Analyst Career Path — Cisco Networking Academy
- Microsoft Office Specialist: Associate (Office 2019) — Microsoft
- AWS Cloud Foundations — AWS Academy
- AWS Data Engineering — AWS Academy

LANGUAGES

- Arabic: Native language
- French: Professional proficiency
- English: Professional proficiency (C2)
- German: Beginner (A2)
